

Scrutiny Review Outline

Review Topic	Review of WDC's role in dealing with Houses of Multiple Occupancy (HMOs)
Working Group Members	Kristie Naimo, Ian Davison, others...
Key Officer Contacts	Head of Housing & Property Services, Head of Neighbourhood Services, Private Sector Housing Manager, Electoral Services Manager,
Officer Support	TBC
Rationale	<p>There have been numerous problems concerning Houses of Multiple Occupancy (HMOs) across the District, resulting in public complaints to members, officers and local newspapers. The issues raised cross departments within Warwick District Council (WDC) as well as external stakeholders.</p> <p>WDC aims to deliver better housing standards, social cohesion, and to provide homes to suit the needs of the residents living in our district; in view of these complaints, Councillors would like to review the effectiveness of the current policy position and operational arrangements regarding HMOs, in order to determine if additional measures are required to improve the licensing and management of these homes for the benefit of tenants and the local community.</p>
Purpose/Objective of Review	To review the issues surrounding HMOs in Warwick District, consider if additional measures are required to improve the licensing and management of HMOs and make appropriate recommendations to the Overview & Scrutiny regarding a potential future report to Executive on actions that could be taken.
Scope of the Topic	<p>To review the current arrangements in respect of:</p> <ul style="list-style-type: none"> • Identification of HMO properties • Licensing of HMOs • Enforcement actions involving HMO properties • Waste and recycling collection from HMOs • The effectiveness of the current Article 10 direction • Registration of electors living in HMO properties • Engaging with the residents of HMO • Effectiveness of measures to tackle Identified Anti-Social behaviour arising from HMO properties • Information sharing between Council departments and with external agencies in respect of HMOs
