4. **Devolved Management** – Cllr N Butler gave an overview of his report presented to the allotment committee. PEAS were formed this year and a lease for Canalside has been agreed – this will commence 1.1.22. Other sites wish to remain, managed by the Town Council at present. There were no questions
5. **Peas Self-Management** – Phil Borrill, Chair of PEAS relayed the successes of the new committee. They have become members of the National Allotment Association, and this has enabled them to join a seed scheme allowing 40% off all seeds. Their balance sheet is healthy, all plots filled and a long waiting list. They recently held an AGM, and a committee has been elected. Their focus is to have more social events in 2022, COVID permitting.
There will be a review of the lease, at its anniversary, the Town Clerk was asked to send PEAS copies of the water bills, which she has done. Rents remain the same.
