12. Future of Community Forums

WDC is to make a report to the Senior Management Team regarding the Community Partnership Team and the future of Community Forums. It is recognised that the Forums were set up to encourage community engagement but that there is a disproportionate amount of resources that go into organising and facilitating these meetings across the district compared to the impact and outcomes achieved as well as the lack of attendance by the local community. At some forums there are often more officers and members attending than members of the public.

The Executive will consider the final report in November.
