## Part 1. Community Funding – Guidance Notes

The Community Grant Fund has been established as one of a number of ways of helping communities, particularly in deprived areas, to address local issues of concern to them. It will contribute to the Council's objectives of involving community representatives in identifying local needs, supporting the role of Councillors, and the representative role of the Town Council.

Applications will have to satisfy the following conditions to be considered for a grant:

- All applications must be signed by a local Town Councillor to indicate their support, before submitting your application to the office.
- Applications should be for one off projects in the seven wards; All Saints and Woodloes; Aylesford; Castle; Leafield; Myton & Heathcote; Saltisford or Wilmhurst, that provide lasting benefits to the community. Projects that require ongoing funding will only be considered if there is a clear and realistic plan of how it will be funded after the initial contribution from the Community Grant Fund. Projects will only receive funding once.
- Applications include at least 3 comparison quotes to demonstrate best value for money
- Projects should lie outside the responsibility of any single agency or service. They will not be funded if they are eligible for funding through conventional channels, unless there is at **least matched funding or an agreement by those other agencies to pick up ongoing costs after the initial contribution from the Town Council.**

Applications will be considered at Community and Cultural Committee and should be submitted 10 days prior to the meeting. The Committee oversees Community Projects of up to £3,000. All grant applications over the value of £3,000 will be taken to Community and Cultural committee for recommendation, followed by a decision at the next Full Council Meeting.
