
Kenilworth Helping Hands

On 4th May 2018 21 club members with disabilities and 24 helpers began the journey to Caster for a long weekend away. After unpacking many people ventured over to the entertainment complex. Saturday was a trip to Great Yarmouth, bumper cars, carousel crazy golf and pier. After lunch we visited the Sea Life Centre and Model Village. In the evening we had the annual caravan party at Charles & Matthew's van followed by entertainment and dancing. Sunday morning was spent Karting, crazy golf and a walk along the beach to the Caister Lifeboat Experience. After lunch we played ball games and took part in an amazing Archery session and then Zip Wire Challenge. Members also played crazy golf, Karting and motor racing. The evening was spent at the entertainment complex. On Monday 7th May we began our journey home after yet another successful holiday packed with enjoyable and challenging activities. Thanks to Warwick Town Council for supporting us.
