

Plastic Free Warwick

Last Autumn the Plastic Free Warwick Campaign launched within the town with the very simple aim: to Eliminate single use plastics within Warwick by the end of 2019.

The group is made up of passionate individuals who care about all of our futures.

Since the campaign launched Warwick Town Council has been awarded Plastic Free Champion status with this building eliminating the use of single use plastics where possible. As always Warwick's local business community has also risen to the occasion with paper bags sweeping through the towns which not only help the planet but also look great too!

Of course, there is more work to do and Warwick Town Council will continue to support the campaign going forward and I would like to use this opportunity to thank Jo Alley and her team for their continued dedication to this cause.

Like with all of these campaigns however participation is key, and the elimination of disposable coffee cups are a priority going forward. If you would like to get involved, please do not hesitate to get in touch with our Town Clerk Jayne who will point you in the right direction!
