
Warwick Twinning Association

Pleased to report that we have gained 5 new members recently, now if the followers of our Facebook and Twitter accounts were also minded joining us that would be an even greater result. It would be of particular interest to hear from residents or employers willing to host or help with requests for temporary work or language placements.

At the last meeting of members, a draft programme for the coming year was discussed. The ANNUAL BBQ to take place in June, this has now been confirmed for Friday 21st June at Unitarian Chapel, the AGM to be held in November, at last year's venue The Court House, time and date to be arranged. Other meetings if and when required, could be conducted as social events at local hostelrys or restaurants.

Our core `raison d'être` remains to help and encourage visits to and from our partnership towns.

A warm welcome always awaits any visitor from Warwick, many long-time friendships have resulted from such visits.

Try it and see what town twinning is about.

By means of a quarterly newsletter we will make members and residents aware of events and activities taking place in each of our twinned or friendship towns, to do this a mailing list needs to be created, open to all. WTA Facebook and Twitter accounts can be used to spread the word, but we will also require the help of Town Council and other organisations to make folk aware of this list.

Sadly, at the end of March we learnt of the death of Ron Everett.

A long-time member of WTA and for many years our treasurer, Ron epitomised the `twinning ideal` Ron's award winning band, the Warwick Girls`Marching Band visited and played in our twinned towns many times, more recently his latest creation The Warwick Community Band has retraced the Girls` Band footsteps.

A true ambassador for his adopted Warwick. For his work with young people and musicians as well as being a very nice bloke, Ron will be missed and remembered for a very long time.

So, we have a long history of creating friendships and happy memories, we intend to continue with your help.

Visit our website - warwicktwinningassociation.online there you will find links to our Facebook and Twitter accounts.
